Dear Friends:

Congratulations on Timber Pines recently being included in the *Tampa Bay Business Journal's* list of top 55+ communities. You are to be commended for building a community that is recognizable within our state. Communities like yours are helping make our state the best place in the world to raise a family, have a great career, and enjoy a life full of opportunity.

Florida businesses have created a total of 841,100 private-sector jobs since December 2010, and we look forward to seeing even more businesses grow across our state. Florida families have benefitted from more than 40 months of job growth. During the four years before I became Governor, Florida lost over 820,000 private sector jobs. We have now gained back all of the jobs that were lost, and we will remain focused on doing everything we can to bring even more jobs and opportunities to the families in Florida. We will continue to cut taxes and eliminate regulations so Florida can continue our exceptional economic turnaround and give families opportunities to achieve their dreams in Florida.

Thank you for helping make sure every family has the opportunity to succeed here in the Sunshine State. Please let me know your ideas for how we can continue making our state the best place in the world to grow a business, a career, and a family.

Sincerely,
